

AIR FILTERS FOR ECLIPSE BLOWERS

- Filters dust and dirt from combustion air.
- Keeps blower wheels free of dirt for greatest efficiency and capacity; reduces blower, mixer, and burner maintenance.
- Mounts in place of standard grill on Eclipse SMJ blowers.
- Easy filter element replacement.

Specifications

Catalog Number	Assembly Number	Maximum Capacity CFH	Blower Inlet Size	Dimensions In Inches		Element Part Number
				A	B	
25 FAJ-S	200758	25,000	4"	15-7/8	6-1/2	11132
