

# Eclipse Valve Trains

1/2" thru 1-1/2" NPT

## Agency Approvals:

UL Listed

CGA certified

FM Approved

APPROVED

## Features

The standard Eclipse valve train, size 1/2" through 1-1/2", uses Dung's DMV-DLE shutoff valve and associated components. The valve trains, which meet either NFPA 86\* or IRI requirements, are NEMA 1 rated and are designed for 110-120V, 50-60 Hz operation.

The NFPA 86 version\* of the DMV valve train is equipped with visual and electronic position indication and includes pressure taps for valve seat leak testing. The IRI version adds the VPS 504 while removing electronic position indication. Other standard components include a 2 - 20"w.c. low pressure switch and 12 - 60"w.c. high pressure switch.

\* Must add a valve proving system to meet this standard.

## Optional components

- Pressure regulator with a 12 - 28"w.c. spring
- Pressure gauges

## Pressure Rating

- 2 psi for valve trains with standard high pressure switch
- 7 psi with the addition of an FRI regulator

## Temperature Rating

- -40°F to 140°F for standard valve trains
- 5°F to 140°F when using the FRI regulator

Pipe Size NPT	Standard Valve Trains			Capacity cfh Natural Gas	Pressure Drop @ 1 psi Inlet	FRI Regulator Item Code	Additional Length with FRI inches (mm)
	NFPA 86 Item Code	IRI Item Code	Length inches (mm)				
1/2"	100278	100290	13.98 (355)	300	0.8" w.c. (1.99 mbar)	21886	3.63 (92.20)
3/4"	100279	100291	14.88 (378)	560	1.7" w.c. (4.23 mbar)	20749	3.63 (92.20)
1"	100280	100292	18.70 (475)	1,100	5.7" w.c. (14.19 mbar)	20749	3.63 (92.20)
1-1/2"	100281	100293	23.50 (597)	3,200	5.4" w.c. (13.44 mbar)	20751	4.88 (123.95)

## Accessories

### FRI Pressure Regulators with 4 - 12 " w.c. Standard Spring

Item	Model
21886	FRI 705/6
20749	FRI 707/6
20751	FRI 712/6

### Optional FRI Pressure Regulator Springs

Item	Range	For use with Regulator Model:
20749-2	10 - 22" w.c.	FRI 705/6, 707/6
20749-2	12 - 28" w.c.	FRI 705/6, 707/6
20750-2	10 - 22" w.c.	FRI 712/6
20750-3	12 - 28" w.c.	FRI 712/6

### Pressure Gauges 2-1/2" Dial

Item	Range
14658	0 - 35" w.c.
13817	0 - 60" w.c.

### Parts Required to Connect Pressure Gauge

Qty	Item	Description
1	21836	Mounting block, 1/4" NPT
1	18702	Pipe nipple, 1/4" NPT x 4"
1	10328	Valve, ball, 1/4" NPT
